DAILY SENTINEL.

Popular Sovereignty.

Mr. Douglas' organ in Virginia, the Richmond *Inquirer*, announces an issue which it says must enter into the next Presidential canvass, and a principle which must be incorporated in the Cincinnati platform. It is the following:

We must, in the Cincinnati platform, *repudiate squatter sovereignty and expressly assert State equality.* We must declare that it is the duty of the General Government to see that no invidious or injurious distinctions are made between the people or the property of different sections in the Territories. We do not mean to dictate. It may be that the assertion in the platform of the abstract proposition of State equality may suffice to carry along with it the consequences which we desire. But it is often charged that the Kansas-Nebraska bill contains the doctrine of squatter sovereignty, and that squatter sovereignty is the most efficient agent of Freesoilism. *Some Northern Democrats have maintained this ground.* Now, THIS GUN MUST BE SPIKED. It must appear from our platform that we maintain *practical* State equality, and repudiate that construction of the Kansas-Nebraska act which would defeat it. The South only demands equality of right. The more clearly it appears that the Northern Democracy is ready to concede it to her, the more certain is our candidate of success.

We are curious to see what the *bogus* Democracy of the North will say to this proposed change of programme. Of course, they will Doughface, as usual, but what excuse can they trump up for the desertion of the "great principle?"

BARLOW'S PREDICTION OF THE ERIE CANAL.—The great American poem of Joel Barlow, although a popular book in the last century, is probably unknown to a great many of his countrymen; and few of his admirers, perhaps, ever expected to see the *Vision of Columbus* quoted in after years, to claim the fulfilment of a prediction. The work was published in 1786, when that magnificent project, the Erie Canal, if it had any other place than in the imagination of the poet, was probably regarded only as the visionary chimera of an enthusiast. But the printed scheme of the poet may have awakened the attention of some strong mind to undertake the task of carrying out what we now behold in successful operation, and which was foreshadowed in these words:

> "He saw, as widely spreads the unchannell'd plain,
> Where inland realms for ages bloom'd in vain,
> *Canals*, long winding, ope a watery flight,
> And distant streams, and seas, and lakes unite.
>
> *From fair Albania*, tow'rd the falling sun,
> Back through the midland lengthening channels run,
> Meet the fair lakes, their beauteous towns that lave,
> And *Hudson* join to broad *Ohio's* wave."

It was thirty years after this was published, that the Erie Canal was commenced, and more than forty before the opening of the Ohio Canal. In 1807, the *Vision of Columbus* was metamorphosed into *The Columbiad.* In the meantime Philip Schuyler and his coadjutors had succeeded in connecting the Hudson with the lakes, by short canals and locks around the falls of the Mohawk, and into the Wood Creek, which is thus alluded to by the poet:

> "From Mohawk's mouth, far westing with the sun,
> Thro' all the midlands recent channels run,
> Tap the redundant lakes, the broad hills brave,
> And Hudson marry with Missouri's wave.
> From dim Superior, whose uncounted sails
> Shade his full seas and bosom all his gales,
> New paths unfolding seek Mackenzie's tide,
> And towns and empires rise along their side."

PERSEVERANCE OF A LADY IN ENGLAND.—A young lady who had been courted by a certain gentleman to whom she was fondly attached, made proposals to marry her without the consent of her father, who at some time previous had disapproved of their union. This proposal was a great trial to a dutiful child, who had hitherto obeyed every request of that indulgent parent; on reflection, she refused her lover's proposition, but determined to ask the consent of her father the following morning at breakfast, which she put into effect: in reply he told her that when she could get as many penny postage stamps as would paper the room in which he sat, she might consider herself at liberty to be married, but not until then would he give his consent. She had first thought it next to an impossibility for her to accomplish it, but on second thought hit upon the right plan, by causing an advertisement to be put into the public newspapers, stating how she was situated, and requesting all those in favor of the motion to signify it by sending into her address more or less of the needful stamps, to enable her to secure the man of her choice. In two or three days, letters from all parts of England and Scotland began to pour in, and in less than two weeks she had as many as would cover two such rooms. She commenced to paste them on, but her father, seeing her determination and a plentiful supply of stamps, gave his consent, and they were married the next day, in the midst of an immense concourse of spectators, who wished them every happiness, long life and prosperity.—*Prairie Farmer.*

THAT'S SO.—The following answer was made to a young lady who had sent her lover a kiss—in a letter:—

> Thanks to my little absent friend—
> A kiss you in your letter send,
> But, ah! the thrilling charm is lost,
> In kisses that arrive by post:
> That fruit can only tasteful be
> When gathered, melting, from the tree!

Republican State Convention.

THE REPUBLICAN STATE CONVENTION will be held at the Capitol, in Madison, on Wednesday, the 4th day of June A. D. 1856, at 12 o'clock M., for the purpose of choosing six delegates for the State at large, and three delegates for each Congressional district, to represent the State of Wisconsin in the Republican National Convention, to be holden in Philadelphia in June next; for the nomination of two candidates for Presidential Electors for the State at large; and for the thorough re-organization of the Republican party in the State.

Each Assembly district in the State will be entitled to two delegates in said Convention.

In view of the importance of the approaching Presidential campaign, and of the necessity of a thorough organization, the committee would urge upon the friends of the cause throughout the State the propriety of taking immediate measures to secure a full representation in this Convention.

The Committee would respectfully suggest that the several Assembly District conventions for the appointment of delegates to the State Convention, be held at 2 o'clock P. M. on Saturday, the 24th day of May next.

WM. A. WHITE,
Chairman Republican State Central Committee.

NEWS OF THE MORNING.

The steamer *Atlantic* brings news of another advance in breadstuffs abroad. The news otherwise is not of great importance. There seems to be a ministerial crisis at hand in England.

We have a despatch announcing a very heavy failure of an American house in the China trade.

The letter from our Kansas correspondent is interesting, though it has been greatly delayed, and we have published later news some days since.

We have further very interesting news from Kansas *via* St. Louis.

Country merchants will find a long list of arrivals of merchandize for them at this port.

The proceedings of the Common Council last night were unusually interesting. We give an important veto message of the Mayor in full.

Our marine list shews largely to-day, the change of wind having brought in a large fleet.

Precedents for Kansas.

The Douglas-pro-slavery politicians, in their fear that Kansas may come in as a free State, insist that that Territory shall not be admitted with its present free Constitution, on the ground that it has not 93,000 inhabitants, which, in round numbers, is the number required in the States for a Representative. The following precedents for Kansas are worthy of consideration:

Louisiana came in with	34,311
Indiana " " "	21,590
Mississippi " " "	42,176
Michigan " " "	31,856
Arkansas " " "	25,671
Florida " " "	27,848

Doubtless in these cases, the number required for a Representative at the respective periods of admission, was less, but in none of them has the Territory applying, had the full number. Kansas must have at present, we think, full 50,000 inhabitants, and if it were a portion of Texas, with a Slave Constitution, the Hunker presses would go for its admission with common consent.

NATIONAL MEDICAL ASSOCIATION.—The Association, lately in session at Detroit, made choice of the following officers for the ensuing year.

President—Dr. Zina Pitcher, of Detroit.

Vice-Presidents—Dr. Thomas W. Blatchford, of New York; Wm. K. Bowling of Tennessee; E. Geddings of South Carolina; W. H. Brisbane of Wisconsin.

Secretaries—Drs. Wm. Brodie, of Michigan, R. C. Foster, of Tennessee.

Treasurer—Dr. Casper Wister, of Pennsylvania.

We learn from Dr. Brisbane, of Arena, one of the Vice-Presidents, that the resolution offered by Dr. Gross, of Kentucky, has been misrepresented, and that the idea advanced by him in relation to foreign republications was opposition to the practice of American physicians, in editing foreign works, of interpolating ideas of their own without distinguishing them from that of the original author.

THE ECONOMY OF THE LAW.—There is a volume of instruction in a newspaper report of a suit tried lately in North Danville, Vermont. It employed for two good long days one justice, two lawyers, a constable, twelve witnesses and two sets of jurymen, to say nothing of a score or two of able bodied working men who were present from curiosity, listening to a case of trespass for certain articles of second-hand hardware. The conclusion was an award of one cent damage. No, it was not the conclusion—for then the plaintiff found that the defendant was a minor, and could avoid payment of that cent and the costs.

THE RELIC OF A WRECK.—The Correspondent of the N. Y. *Tribune*, writing from Fire Island, under date of May 2d, says:

> To-day a piece of the quarter-board of a vessel, painted black, with CITY in gilt letters, shaped as above, came on shore on this beach. It was the first part of a name, as it commenced on the end of the board, which was also gilt; and at the Y it was broken off. I know of no vessel beginning with City but the City of Glasgow. The letters were cut out into the board.

The *City of Glasgow*, as our readers may remember, is one of the missing steamers, of whose fate no tidings has ever been heard.

THE VALUE OF AN ARM.—Davis Tait, of South Carolina, who lost one arm on the Albany and Boston Railroad last summer by the Passenger train running into a freight train, has obtained, at Worcester, Mass., a verdict of $7,250 against the Company. Before going to law, he offered to settle for $15,000, which the Company declined.

MINNESOTA LAND SURVEYS.—The Minnesota *Pioneer* has information, that the survey of the lands in Minnesota, west of the Mississippi and as far north as Crow Wing, has been ordered by the Commissioner of the General Land Office; also, lands in the valley of Sauk River, and on the north shore of Lake Superior. Mr. Rice, Delegate in Congress, writes to the editor:

"There will be but a small quantity of land in Minnesota advertised for sale this year, and no sale will, I think take place before fall."

THE LOSS OF LIFE BY THE NORTHERNER.—The Detroit *Tribune* of Friday last states, on good authority, that *thirteen* lives were lost by the sinking of the *Northerner* in Lake Huron some days since. The *Tribune* adds:

> A jury of 12 men and 6 magistrates have examined all the facts concerning this matter and have rendered an award of $45,000 damages against Capt. E. B. Ward 2d the owner of the *Forest Queen*, for the loss of the *Northerner* and the goods on board. We do not understand this award to have been sought by both parties or to be acquiesced in by them, and presume it to be *ex parte*.

MANITOWOC COUNTY JUDGE.—The Manitowoc *Tribune* of the 9th instant, says that Governor Bashford has removed George L. Lee from the office of County Judge, and appointed James Bennet to fill the office.

The appointment is an unexceptionable one. Mr. Bennet is a man of good sense and incorruptible honesty.

GONE TO WASHINGTON.—Ex Governor BARSTOW has taken another trip to Washington, to lobby, it is said, for Land Grants and electioneer for Douglas.

Items from the Pinery.

The Stevens Point *Pinery* of the 5th instant, brings us, as usual, a budget of local items, all going to show that the "heart of the State" is enlarging at a great rate. We group together some of its paragraphs:

> The business at the Land Office is increasing rapidly. Cash sales on the 30th, $2,678 20. By Land Warrants, $3,000.
>
> GREAT SCARCITY!—Of grain of all kinds. Corn meal is $2,25 per hundred. Oats 87c a1,00 per bushel.
>
> There is not a pound of butter or cheese at any price. Population on the increase and feed short. Emigrants will do well to bring along supplies with them.
>
> Settlements are just commencing in good earnest in T. 25, R. 10. There will be some votes up there in November.
>
> This is the famous town where the wolves and the State Canvassers together, last fall, gave *seventy-six* majority for BARSTOW—there not being a *single* voter in the town at the time!
>
> THE RAIL ROAD.—One of the Agents of the Horicon, Berlin & Stevens Point R. R., Mr. Wm. Euen, called on us Wednesday. We are assured the track will be laid to Berlin the present season, and thence to this place, the next. We are glad to learn that our village is made one of the points on this road. Its destination is *Lake Superior*.
>
> Yes, Sir! And *via* Stevens Point! The best, cheapest and most direct route to Lake Superior.
>
> THE SPRING TIDE.—Last week the Wisconse was high—wild—over all his banks. Now, in first best running stage. His broad face, still flushed with surges, is garnished all over with saw logs, rafts, red shirts, and good wood, all hurrying with the speed of lightning to the insatiable world below. The quantity of the staple going out is past all computation. As far as the eye can reach, up and down the stream, all is rafts, boards and shingles; the banks are lined for miles at every eddy, and "still they come."
>
> The business has opened brisk on the Wolf.—The steamers *Peytona* and *Eureka* are now making daily trips from Oshkosh to Gill's Landing.
>
> Our means of communication with the South and East, is now expeditious and direct; passengers, mail matter, &c., come now from Milwaukee, *via* the Rail Road and Waupun in two days or less. About 50 passengers arrived in town on Wednesday evening last. There is yet room for a few more; and the very best locations for farms are North and West of Stevens Point.

The *Pinery* pays its respects to the "Know-Nothing" correspondent of the *American*, convicts him of sundry gross and wilful misstatements and thus raps him over the knuckles for his impudent falsehood that of all the "Milwaukee press, the *American* alone treated that region of the State with fitness and liberality:

> The fellow shows himself not only a booby, but an ungrateful knave in the slur he indeavors to cast on the Milwaukee press, for the sake of an unnecessary laudation of the *American*. He says "the other Milwaukee papers have always for us an insult or a sneer."
>
> This is a specimen of Know-Nothing illiberality and injustice towards "the other Milwaukee papers," so far as this section of the State is concerned. The *Sentinel*, the *News*, the *Wisconsin*, the *Volksfreund* and *Free Democrat*, have spared no pains, and omitted no occasion to give Central and Northern Wisconsin the full benefit of their circulation, in making the advantages of our section favorably and truthfully known abroad.

WISCONSIN REPUBLICANISM.—The Elkhorn *Independent* is a "republican" paper. James Densmore is its editor. Some weeks ago, it published an article in favor of *negro suffrage*. From that article we extract the following paragraph:

> "The negroes are just as much entitled to vote as anybody; and so far as ability is concerned, *they are ahead of the vast majority of the Irish and Germans, and other foreign citizens*" —*Stevens Point Pinery.*

This extract from the Elkhorn *Independent*, which we find in the *Pinery*, has also been paraded in the *News*, *Argus*, &c., and a sermon preached from the text against the Republicans, as hating and traducing foreigners. The Appleton *Crescent* was especially indignant at such a slur being cast upon our adopted citizens. Yet the same *Crescent* recently gave utterance to the following:

> "The thin guise of Kansas information was torn away, and the Kansas Meeting changed into a Republican Mass Meeting *as suddenly and as* NATURALLY *as a Dutch ball changes into a drunken row.*"

We do not remember to have seen this precious paragraph copied into either the *News*, *Argus*, or *Pinery*, as a sample of "Wisconsin Democracy," tho' it is just as much and as fairly so, as the *Independent's* is of "Wisconsin Republicanism."

TELEGRAPHIC BLUNDERS.—The shameful manner in which the telegraphic dispatches are furnished to us, makes it almost impossible for the combined efforts of editors and compositors to arrange it in the types intelligibly for the reader. This is not an incidental occurrence, but has been the case for the past six months. We give the following as a specimen:

> Paris—At the setting Corps Legislatif, friday m montalambert made remarkable speech on freedom Elective franchise. He denounced Court clathiering as accomplice with Government to render universal suffering a mockery & called for alteration law. St Petersburg 21st—Count Orloff appointed President Council State Turkey Paris correspondent London times says treaty peace contains clause that all allies shall vacate Russian territory soon as possible after satisfaction. Omar Pashas army will be formed into movable columns to scour country. Enforce Executive new laws Vienna letters say commission or reorganization.—*Chicago Dem. Press.*

The above is a very fair sample of the material which is furnished to us. We have no sort of objection to reasonable abbreviations, but the sort of comical guesses at the meaning of sentences, which sometimes reach us, are rather hard to decipher.

UNIFORM CURRENCY.—A few weeks ago a bill was introduced into the United States Senate, to reduce the legal value of Spanish and Mexican quarters, eighths, and sixteenths of a dollar, to twenty, ten, and five cents respectively, and also to provide for the issue of a new cent much smaller than the present one. If this become a law we shall soon see no more of the Spanish and Mexicans coins which are now so plentiful.—Smooth quarters and "bits" and "pics," or shillings" and "sixpences," will rapidly disappear.—They will all be sent in the mint, or be bought up by the silver smiths, and our currency will become uniformly the beautiful national decimal currency.

We find the above, or its substance in several of our exchanges. It is certainly very desirable to get rid of the badly worn quarters, shillings, and sixpences, but, in view of the fact that a portion of these coins are intrinsically worth more than "their face," and are sold at a premium, it is doubtful whether any such sweeping act as the above indicates, would be just.

FLOATING LOGS, TIMBER, BOARDS, &c.—A law was passed last winter, providing that when floating logs, &c. shall be washed ashore, their owner may, within 3 years, remove the same, on tendering reasonable damages to the owner or occupant of the land. If not so removed, the property to vest in the latter, provided he shall serve written notice on the owner of the property, or advertise it in a newspaper of the county or an adjoining one, for three weeks. If after such notice, the logs &c. are not claimed and removed in 6 months, they become the property of the owner of the land.

Three years and a half, we think, must make away with pretty much all of the value of such property.

ST. PAUL CITY ELECTION.—The St. Paul municipal election was held on the 5th. Twelve hundred and forty seven votes were cast for Mayor, of which George L. Becker received 729, and Alpheus G. Fuller 518. Treasurer—Daniel Rohrer 620, Louis Demeule 595; City Justice, Orlando Simonds 717, Joseph LeMay 480; Marshal—William R. Millar 1,224.

LAKE SIDE WATER CURE.—The Madison papers announce that this Institution, which has been closed on account of the recent death of Dr. HALL, the Superintendent, will be re-opened as soon as his successor arrives, of which due notice will be given.

PARODI COMING.—We learn that Parodi, Patti and Strakosch are on their way West, giving Concerts. They will no doubt pay Milwaukee a visit and delight our music-loving public with another of their attractive entertainments.

FROM KANSAS.

Correspondence of the Sentinel.

LAWRENCE, KANSAS, April 23, 1856.

MESSRS. EDITORS—The ball has commenced to roll. The Government troops have to-day, at the command of the President, invaded our town, for the purpose of imposing upon a *free* people, laws which they never enacted, and against which they have continually protested. At this moment, 10 o'clock, P. M., the Sheriff of the bogus Legislature for this County of Douglas, has been shot within ten feet of where I am writing. The crisis is approaching, and who shall be held responsible for the consequences!

On Saturday and Sunday last, Jones, the Sheriff, attempted to make arrests in this town, on a charge of rescue in the Branson case last winter; also on Sunday, of some who were charged with rescuing S. N. Wood from the Sheriff on Saturday. Both efforts were unsuccessful. Gov. Shannon then telegraphed the President for a file of soldiers, and Col. Sumner, commanding at Fort Leavenworth, was ordered, in return, by the President, to place a file of soldiers under the command of Jones in order to make the arrests.

This afternoon, as was anticipated from information received, he made his appearance, with a Lieutenant and six men, in our streets, and commenced making arrests. Most of those most obnoxious, embracing all in town who were concerned in rescuing Branson last fall, were careful to be out of the way, as all of our people, without exception as far as I know, were determined to submit to the General Government, and to be arrested if the attempt was made, although they would resist the Sheriff alone to the death. If the General Government recognised the validity of those laws and took upon itself to enforce them, they would submit to it, but to the Territorial, never. Jones made five arrests this afternoon, all of them of those who on Saturday and Sunday either resisted him in his attempt to make arrests, or who did not assist when he called upon them, in a general way, in the name of the commonwealth, to do so. No opposition was made to the arrests to-day, and everything went on quietly and peaceably, with the exception of some half smothered curses against our oppressors, from the Territorial Legislature and their agent Jones, down to President Pierce.

The arrests were completed, so far as made, at out five o'clock, and then, as if to bully and outrage our people as much as possible, and apparently as an invitation to them to rescue the prisoners, they were quartered in a small house in the centre of our principal street. It was the unanimous expression of our principal men, so far as I heard and knew it, and their effort in the streets and elsewhere, both before and after the arrests, that the law, as enforced by the authority of the President, should be permitted quietly and peaceably to take its course, as without doubt, the effect abroad would be far more favorable to our cause than violent opposition or violence of any kind committed in connection with this matter.

I was in the street after 9 o'clock this evening, as well as before, and all was quiet, or, at least, all appeared so, except that there were some dozen men and boys around the windows in the front of the house where the prisoners were confined. I stopped among them for a few minutes but heard nothing indicating an intention to commit any violence. They were generally perpetrating jokes at the expense of the prisoners inside or of the soldiers outside. Occasionally some harsh remark or threat would be heard in reference to Jones.

I came into my house a few minutes before 10 o'clock, and sat down to write. My house is almost immediately behind the one in which the prisoners are confined, and in the rear of that house and within a few feet of mine, the two tents of the soldiers are pitched. Jones was in the one immediately opposite the window where I am writing. After I came in there were three pistol shots fired very near my house with several minutes interval between them, but as firing guns in our streets is a very common occurrence day and night, no particular thought was bestowed upon it until the last one, upon which there were two or three exclamations of pain as from a person shot, and the exclamation from others that Jones was shot. I went out and found that he was lying in the tent, resting on one elbow, perfectly conscious, but with his lower limbs senseless and immovable. Examination showed that the ball entered the small of the back and passed through, as I have casually learned. It is pronounced by the surgeons in attendance a very bad, but probably not a fatal wound. He was shot through the cloth of the tent from the outside

This, in the present state of things, is a very unfortunate circumstance, for although our citizens, or our people, cannot, justly, be held responsible for the act, still it will be made use of to our prejudice and to the injury of our cause.—Jones has many violent personal enemies, as he has been personally, and otherwise, active in driving several from their claims, and has made himself personally obnoxious in other ways—and personal threats against him—not against his life that I know of—have been frequently made.—The act was a cowardly assassination, and a public meeting of our citizens will be held to-morrow to disavow the act, and to pledge themselves to use their efforts to discover its author and deliver him up to justice.

Some of the dragoons present left immediately in the direction of Fort Leavenworth, and probably to-morrow will bring with it more foreign means of enforcing our own laws upon us! Beautiful consistency. When before in the history of this government has such a proceeding been had? Where have the laws of a State or Territory been so obnoxious to its own people—to those whose legally elected representatives have made them, as is claimed by our opponents, that the foreign power has been called in requisition to enforce them? What a commentary upon this assumption! But the day of reckoning must come, and woe to the guilty ones.

The Congressional Investigating Committee commenced its labors in this place this afternoon. No evidence was taken, the time being consumed in settling the course of proceeding. The contested seat of Congressional Delegates will be first disposed of. Gov. Reeder conducts his own case; Gen. Whitfield's is conducted by General ———, of Ga—I do not, at this moment, recall the name! Witnesses will be summoned, at Reeder's suggestion, from Missouri, among whom will be some of the principal men of the State who were here at the election of the 30th of March last.

The persons arrested to-day are John Hutchinson, one of the Free State members of the Legislature, expelled by the "border ruffians," last summer; Mr. Warren, of Leavenworth, who fled from that place for his life last winter, and was a prisoner in the enemy's camp during the seige of Lawrence; Rev. Mr. Fuller, and Messrs. Lyman and Smith.

24th—6 A. M.—Jones is alive, but he can live but a short time longer. L.

THE REPUBLICAN FIGHT FOR SLAVERY IN KANSAS.—If Kansas is not a slave State, it will not be the fault of the Republicans of these Northern States, for they have done all in their power to make it so, and still do all they can, still hope almost against hope, that it may yet become so. —*News*, of Sunday.

If the *News* and its tribe really believe this very probable story, they have a capital chance to spite the Republicans and save Kansas to Freedom, after all. Kansas is now applying for admission into the Union with a *Free State Constitution*. If the application is favorably received by Congress, the fight is over, and all danger of Kansas becoming a Slave State is at an end. The Republicans in Congress will vote to admit Kansas *now*, as a Free State. Let the *News* call on the Democrats in Congress to do likewise, and if they heed its call, the whole question will be settled in a trice.

The following communication was presented by the Mayor:

VETO MESSAGE OF THE MAYOR.

Gentlemen of the Common Council:

The City Charter requires all laws, ordinances, regulations, resolutions and by-laws to be passed by an affirmative vote of a majority of the Common Council, and to *be signed by the Mayor*, and published in the official papers of the city, *before the same shall be in force*. I have deemed it to be my duty to withhold my approval of the following entitled ordinances, which were passed by the Common Council at its last session, to-wit: "An Ordinance to authorize an issue of City Bonds to the Milwaukee and Beloit Railroad Company"—and "An Ordinance to authorize an issue of City Bonds to the Fox River Valley Railroad Company"—and have therefore refused to sign the same for the following reasons:

By an Act of the Legislature of this State, passed March 31st, 1851, the City of Milwaukee was authorized and empowered to loan its credit to aid Railroad enterprises by issuing Bonds for that purpose—provided however, that the amount of Bonds in the aggregate should not exceed fifteen hundred thousand dollars. There has already been appropriated in pursuance of this act, twelve hundred and sixty-six thousand dollars, which the city can issue without exceeding that *proviso*.

A subsequent act of the Legislature, passed at its last session, amendatory of the previous act, authorizes the City to make a further loan of Credit by issuing Bonds therefor, provided the aggregate amount does not exceed two millions of dollars.

Before the passage of this last act, and in pursuance of the previous act limiting the amount of City Bonds, which could legally issue to $1,500,000, the Council appropriated to several Railroad Companies $1,266,000, most of which has been issued and sold, and is now in the hands of persons, who have a deep and vital interest in this question, and one too that the city should carefully protect.

Had this limiting *proviso*, under which these Bonds were issued, been incorporated in the Bonds in the express language of the act itself, it could not have been more emphatic, or more obligatory and binding upon the City of Milwaukee, than it now is, to refrain from issuing Bonds exceeding in the aggregate $1,500,000 for Railroad enterprises. The Bondholders became possessed of vested rights by virtue of that *proviso*, which no subsequent act of the Legislature can interfere with, or take away. In order to induce the Bondholders to purchase our Bonds, the city has virtually promised, and pledge itself not to issue exceeding $1,500,000, in the aggregate, for Railroad purposes. Now if there is any benefit or advantage accruing to the Bondholders by limiting the issue to $1,500,000, which the City of Milwaukee has virtually promised to do, by virtue of this *proviso*, they should have the full benefit of it, and not be driven to the necessity of obtaining an injunction to restrain the City from violating its own pledges.

It may perhaps appear strange to some that I should manifest any anxiety or concern in regard to the rights and interests of others, when they themselves do not complain. The parties who hold these Bonds mostly reside at a distance and no doubt are unaware of the fact that the Common Council have contemplated issuing Bonds exceeding in the aggregate $1,500,000. At all events, I deem it my duty to protect their rights and interests with the same cautious vigilance as in guarding and maintaining my own. And, while I occupy my present position I shall endeavor to do nothing but what is clearly right, and will not passively submit to anything which is manifestly wrong. It is by the observance of good faith on our part, in all our dealings and transactions, that we can ever hope to acquire confidence and credit on the part of others, and thus establish a financial reputation that is worth possessing. Were this policy strictly adhered to for any length of time, our Bonds would soon be above, instead of 15 per cent. below par. The City of Milwaukee should have sufficient respect for its pledges and promises, express and implied, to wholly abstain from any course of action which might result injuriously to the Bond-holders who have paid their money in good faith, and have a right to demand from the City an observance of equally as good faith towards them.

These remarks however do not apply to the ordinances under consideration excepting so far as they may be connected with the contemplated action of the Council in regard to loaning the City credit to other roads which have asked for aid, and which have been considered favorably by the proper committee on that subject. I am confident that the unanimity with which these two ordinances were passed, was in a measure owing to a misapprehension on the part of the Council as to the real extent to which the City could *legally* loan its credit in aid of Railroad enterprises. Had the Council been fully aware of the fact that there could in no event be issued at the present time, or in future, an amount exceeding $234,000 in addition to the amount heretofore issued, for Railroad purposes, I think their vote would have been somewhat different from that which now appears on record.

I have examined the question of vested rights with considerable care, and am thoroughly convinced that the position I have taken is correct. I am also borne out in my opinion by the City Attorney, with whom I have deemed to be my duty to consult, in matters of this importance.—It is therefore full settled in my mind, that the City can in no event whatever loan its credit for railroad purposes at the present time for more than $234,000 (in addition to the $1,266,000 heretofore appropriated and mostly issued, making in the aggregate $1,500,000) without interfering with the vested rights of the purchasers and holders of the Bonds heretofore issued. I therefore consider the act of the Legislature null and void, so long as there are any outstanding bonds issued under the act of 1851, and the Council cannot legally issue any bonds in pursuance of said act of 1856.

I am opposed however to the passage of these two ordinances, for the reasons that I believe it to be against public policy, and detrimental to the highest and best interests of the City. I think we have fully accomplished all that the City originally undertook to do when it first adopted (temporarily only) the policy of aiding railroad enterprises by a loan of its credit: and nothing but an absolute necessity to secure to the city two or three principal thoroughfares, and which could not have been accomplished without this aid, ever induced the people to give their consent to the loan of the city credit for such purposes. It it were deemed good policy to further loan the credit of the city, to aid in building railroads, it would be the part of wisdom and good sound common sense to concentrate this aid upon roads, to which the city has already loaned its credit, and in which in consequence thereof it has a deep and double interest, rather than to distribute it to a dozen roads, some of which as a matter of dire necessity, following the fate of many roads in other states, must inevitably fail of being good paying roads.

We have already loaned the city credit to seven different roads. Now we are not absolutely certain that these seven roads will all pay as an investment in twenty years from this time. We may have full faith and confidence in them now, but twenty years may make some marvellous changes.

There is scarcely a city in the Union which is the terminus of half a dozen good paying roads. We have loaned the credit of the city to a Southern road, a Southwestern road, two Western roads, a Northwestern road, and a Southern road. There can scarcely be another road projected, having its terminus in Milwaukee, but must necessarily be, more or less, a competing or rival road to some of those to which the city has already loaned its credit, and upon the success of which the city is dependant for its ultimate security and identity. A second mortgage upon the road, and the bond of the Company to save the city harmless and indemnified, affords but poor security if the road should fail to pay. Upon the foreclosure of the first mortgage nothing would remain excepting a judgment in favor of the mortgagee for the residue, which he might fail to make upon a forced sale of the road.

I have heard it remarked by some that it would be for the benefit of the city, if, eventually it should lose every dollar that it has loaned to these respective railroads. This may or may not be true. If it is the policy of the city to donate or give away to these several Companies the amounts which they have respectively loaned, or to take risks so hazardous that the city must inevitably meet with a loss, and for no other reason but that the city is indirectly benefitted therefor, then the tax-paying community should understand it, and govern themselves accordingly.

The people generally suppose that the City is amply secure for the loan of its credit. But this depends altogether upon contingencies. So long as the road pays well, the City is perfectly secure; but the moment it fails to be a paying road, the securities are merely nominal; they, in fact, amount to nothing. Hence, I think the City has taken risks enough, and in future it will require all the sagacity, prudence, care and caution, that we are capable of bestowing in order to protect the roads to which the City has already loaned its credit, and thus, in a measure, protect ourselves. Whatever may be the ultimate destiny of these several roads, the bonds of the City must be met and paid in any event. Its faith is inviolably pledged, and with us there is no such doctrine known as repudiation. The less our city is incumbered by the issue of its bonds, the more inducements will it hold out to those coming among us to reside, or for the purpose of making investments. If our city is encumbered for one-half or one-quarter even of its real value, it will have a strong tendency to deter people from locating here, or drive away those who are already here. I therefore base my refusal to sign the ordinances aforesaid upon the ground of its being, in my opinion, injurious to the best interests of the city and the welfare of its inhabitants, to make any further loans of its credit for rail road purposes. I have no objection or hostility whatever to the success of any rail road enterprise, if it can be accomplished without encumbering the city by a loan of its credit. But to ask the City to aid in an enterprise, which, when completed, although it may be beneficial in a commercial point of view, yet which must necessarily hazard not only this particular loan, but at the same time, by competition weaken and destroy securities which we hold upon other roads, is in effect, asking us to destroy ourselves. I believe that our credit has been used for these purposes quite enough; it is already 15@20 ₽ cent below par, with a downward tendency by every new issue, when in fact it should command a premium. This is owing in a great measure to the apparently careless and reckless manner, in which our Bonds have flooded the market, and have been bartered, hypothecated and hawked about Wall street. I think it is high time that this tampering with our City Credit should be stopped. I have deliberated for some time as to the proper course of action for me to preserve, and have finally concluded that it will be far better for the City to issue no more Bonds for Railroad purposes than what are already appropriated. I have therefore considered it to be a duty which I owe the City and the public to arrest this matter where it now is, and have accordingly taken the responsibility of withholding my signature from the ordinances aforesaid, firmly believing that my course of action is right, and that the good sound sense, and honest judgment of the community will sustain me.

J. B. CROSS.

May 12, 1856.

Ald. Hadley moved to reconsider the votes upon the ordinances authorizing the loans to the Beloit and Fox River Valley Railroads. Carried.

Ald. Hadley enquired of the Mayor whether under any circumstances he would sign an ordinance for the issue of bonds to the two railroads referred to.

The Mayor replied that he would under no circumstances sign the ordinances; that he was opposed to the further extension of the city credit and that he could in no event consistently sign the ordinances.

Ald. Hadley, after some remarks in argument against the communication of the Mayor, asked that the ordinances lay on the table. Carried.

Securities of Watertown road presented.

John Mitchell was appointed School Commissioner of the 3d Ward, in place of Charles Lane, resigned.

An ordinance to authorize the Mayor and City Clerk to sign Bonds to the amount of $30,000 to the Watertown Railroad Company taken from the table.

A motion by Alderman Hoover to indefinitely postpone the ordinance, was lost—ayes 6—noes 12.

On reference to Railroad Committee, tie vote; Mayor voted aye—ordinance referred to Railroad Committee.

After the allowance of sundry accounts, the Council adjourned to its next regular meeting.

CAPE DE VERDE SUFFERERS.—It seems that the $2,000 raised by the Portuguese in New York for the sufferers by famine in the Cape de Verde Islands, was all subscribed by a few persons in the office of the Portuguese Consul. Arrangements were made for a public meeting, and Messrs. Figuiere Bro's, offered a vessel, free of charge, to convey a cargo to the scene of distress.

THE REAL FACTS ABOUT JONES.—Long after the lying telegraph has prejudiced the truth, in the case of the pretended Sheriff Jones, the facts come along tardily by mail, to justify the Free Soilers, and to fasten the assassination where all the crimes in Kansas belong—upon the Propagandists of Slavery. It is generally believed in Lawrence that Jones was shot by a Missourian, a settler near Lecompton, with whom he had had a personal difficulty respecting a claim. The circumstances to justify this belief are that this man notoriously dogged Jones to shoot him for some time past—that about dusk of the evening of the 23d, a stranger rode into town and tied his horse behind a store—and that he was seen immediately after the firing of the shots to mount and ride away.—*Alb. Eve. Journal.*

STURGEON.—They are having great times at the Dells now, catching sturgeon. They tie the end of the spear cord to a bush or tree, throw the harpoon into the fish, and safely lead him in. They are from three feet to five in length, and weigh from 25 to 75 pounds. We saw a man dragging one across the bridge, one day last week, that he said would weigh 70 pounds; and in another place we saw a number nearly as large, piled up like cord-wood. Sturgeon seem most plenty, but pickerel, bass, buffalo, red-horse, cat-fish, &c., are caught.—*Newport Mirror.*

IMMIGRATION.—The packet ship Constellation, Capt. Wm. H. Allen, arrived at this port to-day in 26 days from Liverpool, bringing 700 steerage passengers, all well, of which 223 are English, 25 Scotch, and 452 Irish; 370 males, and 330 females.—*N. Y. Express*, May 9.

CONSPIRACY AND HEAVY BLACK MAIL OPERATION.—Another of those infamous conspiracies and black mail operations which occasionally startle the community has recently come to light—the victim in the case being a gentleman who formerly held a very high official station in this city, and the conspirator and black mail operator a member of the Brown family. The circumstances are similar to those which were divulged in the Court of Sessions about five years ago, when a lawyer of this city was convicted and sentenced to State Prison as one of the principals in the swindle. A woman, young and fascinating, was in this case, as in the other, the tool used by the designing Brown to accomplish his object, and he acted the part of the "injured husband." The alleged *crim. con.* is said to have taken place 18 years ago, and since that time the victim has been bled by Brown to the tune of from $50,000 to $150,000 rather than bear exposure. The police, as well as several prominent citizens, have for years been aware of the circumstances; but the victim always refused to bring Brown to justice, preferring rather to lose his fortune than his good name. The last haul Brown made was a deed of some property located at Harlaem, valued at $20,000; and to recover this back and bring Brown to justice, it is said, legal proceedings have been or will be commenced. These will probably develop the circumstances of the affair. It is further said that, some time ago, Brown attempted to pluck a wealthy iron merchant of this city by a similar process, but failed and was kicked into the street. He is decidedly a "fast" man; kept his fast horses, and was always in funds. He moved from New York a while ago, and now makes a city in the interior of this State his home. —*N. Y. Tribune*, May 3.

MILWAUKEE AND WATERTOWN RAILROAD.—We take pleasure in announcing to our readers that at a recent meeting in the city of Milwaukee, of the board of directors of the Milwaukee and Watertown Railroad Company, and also of the Watertown and Madison Railroad Company, an agreement was entered into by which both of these Companies were consolidated into one, and the whole of the "Air Line" road from Milwaukee, through Watertown, to Madison, is now placed under the control of the Milwaukee and Watertown Company. The President, W. B. Hibbard, has already taken steps to put the first section of the road under contract. The basis for the same is secured, and in twelve months we confidently expect to see the cars running over the road to Madison, and thence to the mighty Father of Waters.

We are perfectly safe in anticipating more building, more improvements, more emigration in Watertown, than to any other inland town in the State. We again repeat we want more laborers, more mechanics, and more capitalists. Constant and remunerative employment can be furnished for all. The rich harvest of industry is ready—who will come and help reap the golden fields.—*Watertown Democrat*

Recognition of Walker.

WASHINGTON, May 7.

The divisions in the Cabinet and the remonstrances from Conservative portions South, and from other portions, have induced the President to suspend a decision on the recognition of Walker's Government. The subject may come up in the Cabinet to-morrow for reconsideration. Mr. Hunter and several other Senators have protested earnestly, without receiving any positive assurance as to the final determination. General Cass was strongly inclined to the filibusters last week, but is now more subdued.

Letters were received recently stating explicitly that Walker had made overtures to England for an alliance on the basis of the exclusive privilege of the Isthmus, at the time when he was in correspondence with Costa Rica.

The interview between our Military Commission sent to the Crimea and the French Minister of War was singularly rude and offensive on the part of the latter. After refusing the courtesy of inspection, he closed in these words: "Good by, till the first cannon-shot."

The Delegates from South Carolina to the Cincinnati Convention, though ostensibly for Pierce, are for Douglas alternatively.

It is ascertained that there are thirty-five Senators at present for confirming the pending Naval nominations on a direct vote, which is a decided majority, counting absentees and vacancies. —*N. Y. Tribune.*

NAVAL.—The United States ship Portsmouth left her anchorage at Norfolk, on Thursday under orders to join the East India squadron. She is commanded by Andrew H. Foote. The Portsmouth, says the Transcript, "is the first United States vessel that ever left this port, having entirely dispensed with the spirit rations by the voluntary arrangement of the crew.

Business for the past week has been characterized by considerable activity. The arrivals of merchandize by lake and by railroad, for the city and the interior, have been heavy. The opening of the railroad connections north and north-west of us is bringing a larger quantity of goods than usual to this port for transhipment to the growing towns along their line, and having connections with them by boats. For Fond du Lac and Oshkosh, considerable quantities have already arrived at this port, and been sent forward.

Our merchants have received already heavy stocks, and both wholesale and retail dealers are ready for all calls upon them.

In the produce business, shipments have been active, and the value of breadstuffs and provisions from this port now afloat, and on its way to lower lake ports is nearly a million of dollars. The returns from these cargoes will, it is hoped, loosen the money market soon.

Money is scarce, and dealers in all kinds of trade, find it hard to obtain the necessary funds to keep the wheels moving comfortably. In prices of produce, there has been very little change, if any, to note.

Freights are low; the last engagement is that of the schooner *David Tod*, 1,700 bbls flour to Buffalo at 25c. She completes her cargo at Racine; 6c is the going rate on wheat to Buffalo.

FLOUR—Shipped 17,300 bbls since our last weekly report. We quote common No. 1 at $5,37@6,25, and extra $6,75@7,00; fancy brands $7,25@7,50.

WHEAT—During the week, lots have been sold at $1,22, free on board, for spring, but on Saturday $1,20 was the best offer. The *Atlantic's* more favorable news may cause some advance.

BARLEY—Scarce, and we note an arrival of a small lot from Ogdensburgh, on which shippers may make a decent profit. We quote at $1,50@1,65.

RYE—Very small supplies coming forward. Prices steady at $1,00@1,05.

CORN—Rather lower—small sales daily, at 48@45.

OATS—The market for local trade is mostly supplied from the south—selling at 35@38.

POTATOES—Steady demand at 35@37½c.

BUTTER—Scarce and selling at 21@23 for common to fair firkin, 25@28 for fresh roll.

PORK—Light stock for sale, and price somewhat advanced; we quote at $16,50@17,00.

LARD—10@11c.

HAMS—11@12c.

HIDES—Green 6@7 for all kinds; dry 9@13 for rough to good shade dried and trimmed. Calf 14@16.

SEEDS—Timothy $2,25@2,50. Clover $9,00@9,50. Flax $1,25@1,50.

Hay $14@17,00.

Lumber trade very active at last quoted rates.

ASHORE.—The want of a light on the pier on Sunday evening caused the schr *Josephine Lawrence*, loaded with lumber, to miss the entrance to the harbor, and she went ashore north of the pier, just where the schooner *Fannie & Floy* lay until got off last week. She will not, probably, receive much injury, if the gale subsides soon.

A FLEET.—A large number of vessels from various ports kept back by contrary winds, came in on Sunday and yesterday, and our list to-day is, we believe, the largest that we have ever published. No sail vessels ventured out yesterday.

MORE VESSELS.—At Oswego, three more vessels have been launched, the schooner *Titan*, of 360 tons, the brig *E. W. Cross*, of 484 tons, and the schooner *Dreadnaught* of 484 tons.

At Buffalo, the schooner *Racer*, of 375 tons, and the schooners *Storm King* and *San Jacinto*, of 375 tons each. All three go into the Lake Navigation Co's line.

At Vermillion, Ohio, the schooners *B. Parsons*, 320 tons, *F. T. Barney*, 350 tons, and *New London*, 340 tons, have been launched, and another of 350 tons is on the stocks.

Since the 25th of April we have noticed the launching of 28 vessels at various ports, ranging from 300 to 500 tons each. They come into their "destined element" at a bad time, considering the depressed state of freights.

COLLISION.—The steamer *Minnesota*, of the Lake Erie Transportation Line, bound from Toledo to this port; and the propeller *Jersey City*, of the Northern Transportation Line, bound up, came in collision off Painesville, this morning about 1 o'clock. The *Minnesota* was obliged to put into Fairport, where she will discharge her cargo previous to repairing. The propeller was not injured so but that she proceeded on her way.—*Buffalo Republic, May 9th.*

DAILY SENTINEL.

Milwaukee, Tuesday Morning, May 13, 1856.

CITY MATTERS.

POLICE COURT, MAY 12.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Patrick Fitzgibbon, Patrick Canley, Henry Gall, and Julius Henning were each fined $1 for drunkenness; Bridget Riley, an old offender, was fined $10 and costs for drunkenness, and, in default of payment, was sent to jail for 20 days; John Fenn, James Fenn and Richard Fenn were each fined $5 for fast driving in the streets: Thomas Delehanty, for disorderly conduct, was fined $3 and costs.

COLLINGWOOD LINE—FIRST BOAT.—The favorite Steamer *Keystone State*, Capt. RICHARDS, arrived on Sunday, to take her place in the Collingwood line. She is in capital order, and leaves on her first trip down to-morrow morning, at 8 o'clock. L. J. HIGBY is the agent for freights here. The boats leave from his Mammoth Pier.

The *Niagara* is expected to follow the *Keystone* immediately.

LAKE SHORE RAILROAD—CHANGE OF TIME.—It will be seen that the hours of departure of the trains of the Lake Shore Railroad have been changed. The road is doing a very prosperous business now a days, and bringing hosts of people to our city and state by every train.

THEATRE.—Miss Susan Denin makes her fifth appearance this evening, in the opera of Rob Roy, or Auld Lang Syne, as Frank Osbaldiston, Mr. Thorne as Rob Roy, Mrs. Thorne as Helen McGregor, and Miss Thorne as Di Vernon. The performance concludes with the farce of "Nature and Philosophy," Miss Denin as Colin.

CLEAN THE STREETS.—Those whose business it is to see that the streets, yards and alleys, about our city are kept clean and sweet, should attend to that duty thoroughly before the hot weather sets in. The fortunate location of Milwaukee is such as to render this work easy; but it should not therefore be postponed or neglected. The following prediction as to the probable unhealthiness of the coming summer may, perhaps, quicken their movements:

THE COMING SICKNESS.—The germs of pestilence are hatching in the elements. Everything points to the approach of a sickly summer and autumn. It should, therefore, be the care of every person to preserve the several functions of the body in their full tone. Disease falls first upon those whose organism is already disordered through their own neglect. Guard well against constipation, and its opposite. Eat nothing indigestible. Avoid all green and half matured vegetables and fruits. Pay strict attention to the cleanliness of the surface of your bodies; and above all, begin the work of purification about your yards, and in your houses early; and do it thoroughly.—Cleanliness, simple diet, and regular habits, will form the strongest protection against the coming epidemic. As no man can tell where the arrow of death may fall first, he is the wisest who first puts his house in order.—*Hunter's Specialist.*

EQUESTRIANISM.—The fine weather has attracted a great deal of out door exercise. Riding on horseback is a favorite and a healthful one. Ladies have, for the past few days, enjoyed many rides on horseback in the environs of the city, attracting considerable attention when riding out and returning through the streets to their homes; all admiring the exercise as most salutary to females. Occasionally a single horseman capers his steed, who, with champing his bit, and every now and then flinging the foam from his nostrils with a snort, startles the pedestrians on the sidewalks; many of them, probably, thinking of a part of the verses in "Roger's Table Talk:"

"Careless he seems, yet vigilantly sly,
Woos the stray glance of ladies passing by,
While his off heel, insidiously aside,
Provokes the caper which he seems to chide."

REAL ESTATE SALE.—Mr. WALL sold yesterday Mr. WENDT's residence, at the corner of Division and Astor streets, for $10,500. The house is a plain, but substantial brick one, and the lot 45 by 127. It is thought to be a good bargain. The purchaser was Mr. ELLIS WORTHINGTON.

LOCOMOTIVE.—We noticed a day or two since a new first class engine landing on the track of the M. & M. R. R., called the *E. B. Wolcott*, named in compliment to one of the most active friends of the road.

A CHANCE FOR A BARGAIN.—See the advertisement of CALEB WALL, offering for sale on very easy terms a snug little place on Van Buren street.

REAL ESTATE SALES SATURDAY.—Mr. J. S. FILLMORE, Land and Collecting Agent, No. 2 Juneau block, reports the following registered sales of Real Estate yesterday:

JUST RECEIVED a small assortment of the above named Pistols, together with the cap and ball for the same. These pistols are not only serviceable as a weapon of defence, but are admirably adapted for target exercise.

There is but little smoke or noise attending the discharge, at the same time the ball is thrown with sufficient force to do great execution. As this style of Pistol is only made with two sizes of bore, no difficulty will be experienced in procuring the caps to fit them.

We have also on hand a large stock of Colt's, Allen's, Warner's, Robbins & Lawrence's, Whitney's and other styles of revolvers and pistols of cheaper grades, all of which will be sold low. Call and examine our assortment.

CRAMPTON.

Great Auction Sale!

101 Lots for sale at Auction!

J. H. CRAMPTON will sell to the highest bidder, at his Auction Rooms, on Wisconsin street, commencing on the 26th inst., at 10 o'clock, A. M.,

One Hundred and One Lots,

being the subdivision of a part of Hubbard & Pearson's addition to the First Ward of the city of Milwaukee.

Terms of sale—¼ cash, the remainder in 1, 2, 3 and 4 years, at 7 per cent interest.

The above property is too well known to require puffing—it is located on one of the highest points between the Lake and River, four blocks nearer the Post Office than the eastern terminus of Division street, where sales are made daily at from four to five thousand dollars. Five minutes walk from the Water Power and business of the Second Ward and connected with the large manufacturing establishment of the Milwaukee and La Crosse and Horicon roads, by the Plank Road bridge, which will be completed and ready for use by the middle of June next, and will open an avenue for a large amount of travel from the North, and make the streets upon which this property is located an important thoroughfare to the city. Water street is already graded to this point, with Cass, Marshall and Astor streets graded and planked sidewalks made to within one or two blocks, to be continued through to Water street and the new bridge during the coming season.

This is an opportunity that will never again be offered, to those having one or two hundred dollars to secure themselves a home, with *four years* to pay and low interest.

Maps will be in readiness for distribution in a few days.

DETAILS BY THE ATLANTIC.

PEACE PROCLAIMED.

POLITICAL EXCITEMENT IN ENGLAND.

NEW YORK, May 12.

The steamer *Atlantic*, from Liverpool, has arrived with Liverpool dates to 30th inst.

The official publication of the treaty of peace is made and the formal proclamation of peace, thereto appended. Conventions are also provided for; the first, which has reference to the passage of the Dardanelles; the second, is for arranging the details of naval force in the Black Sea, and the third, declaring that the Baltic Isles are not to be fortified. There is also one important declaration of maritime law, viz: Abolishing privateering, and providing that neutral flags protect cargoes, except contraband articles, with the addition that neutral goods under the enemy's flag are exempt from capture. The treaty itself is precisely the same as sent by the last steamer.

The missing articles, Nos. 5 and 8, relate to a general amnesty and exchange of prisoners, and Nos. 7 and 8, give Turkey admission into the European political system, and secure European arbitration in cases of a dispute with her.

Peace has been formally proclaimed.

Several important meetings of political parties in Parliament have been held, presaging trouble to the ministry.

A Parliamentary blue book has been published, containing all the Central American documents.

The Cunard steamer Asia arrived out on Monday night.

Liverpool, April 30th—Cotton very generally reported firm, being easier, but not quotably lower and as having declined ⅛. The decline, however, appears to be confined to lower qualities, while fair and middling, are easier, and without much change.

Messrs. Richardson, Spencer & Co. quote New Orleans middling 6⅝ 1-16, Mobile 6⅝ 1-4; market for four days had been 27,000 bales, including 3,500 to speculators and exportation. The market for breadstuffs is firm, with transactions moderate.

Flour advanced sixpence to one shilling.

Wheat 1d to 9d.

Corn firm, with an improvement of 6d; western canal flour quoted at 35s 6d; common 29s 6d a 30s; yellow and mixed corn 30s.

Beef unchanged in prices, with moderate business.

Bacon very brisk at 53s 6d. Middlings 53 a 54s 6d.

Tallow unchanged and very dull.

Potatoes active, but without change; quotation sales at 38s.

Pearls unchanged; business moderate. Common rosin 4s 6d a 4s 10d. Spirits turpentine 34s.

London, April 28.

Money market is tighter, and another loan anticipated.

The last commercial advices are under date of Wednesday P. M., stating that there had been no change during the day on grain and provisions, and that cotton has advanced.

ENGLAND.—All the particulars accompanying the treaty of peace have been laid before Parliament.

Great excitement prevails in the political circles.

Lord Palmerston has called a meeting of his friends, and the conservatives have also held a meeting to agree upon the tactics of opposition.

Lord Clarendon has laid before the House of Lords a copy of the treaty of peace, and moved that it be taken up on the 5th of May.

Lord Palmerston has also laid it before the House.

The fourth of May had been appointed for a day of thanks.

The Affray at Washington.

WASHINGTON, May 9.

According to evidence elicited at the investigation of the shooting affair at Willard's, yesterday, it appears that Mr. Herbert came into the dining room at half-past eleven o'clock, accompanied by a friend, and called for breakfast, but was informed by the servants that he could not have a meal at that hour without an order from the office.

Mr. H. directed several servants who spoke to him on the subject, to retire, calling them hard names. The deceased made some reply, when Mr. Herbert struck him with his fist or a napkin. The deceased picked up a plate or tray, making a movement as if to throw it, when Mr. Herbert threw a chair at him, the latter returning the assault.

During the melee, Patrick, a brother of the deceased, seized, and the two brothers closed on Herbert, who was thrown down, and they were striking him when he fired a single barrelled pistol. Herbert was remanded to the custody of the United States Marshal without further investigation.

SIX O'CLOCK REPORT.

Later from Kansas.

ST. LOUIS, May 12th.

By steamer Star of the West we learn the following:

The boat left Kansas Saturday. Gov. Robinson and family were passengers.

At Lexington, Mo., a number of the citizens went aboard and told Mr. Robinson that they should detain him, on the ground that he was flying to avoid an indictment for treason. Mr. R. said that he had learned from one of the Grand Jury that an attempt had been made to indict him, but failed.

This did not satisfy the committee, and on persuasion of Capt. of the boat he agreed to remain till they could send to Kansas and learn the truth, they promising to pay all expenses of his detention. No violence was offered.

Advices from Lawrence of the 9th state that Ex-Governor Reeder refused to appear before the Grand Jury at Lecompton. Writs were served on him for contempt.

He appealed to the committee who decided that they had no power to act, two of them thinking Reeder protected by his privilege, Oliver dissenting. Reeder said his life would be in danger, and he should stand on his privilege, and be touched at peril. The Marshal left but was expected to return with dragoons.

Judge Lecompton charged the Grand Jury to find indictments against all the State officers and members of the Legislature.

A despatch from Leavenworth says a large body of armed men is en route to destroy the evidence taken by the committee.

KANSAS LECTURE.—Professor Daniels has lectured here two evenings during the last week—Monday evening at the New England Hall and Tuesday evening at Hentons's Hall. On Monday evening the Hall was filled before the arrival of the Speaker to overflowing, and a great number could not gain admittance. On Tuesday evening we are told, though not present, that Henton's Hall was filled to its utmost capacity. We need not say to those who know the Speaker as well as our readers, that the lectures were interesting and well delivered. Donations were made amounting in all to $50 00, to purchase Sharpe Rifles and to aid emigrants in getting to Kansas.—*Ripon Spur.*

VOLUME XI. MILWAUKEE DAILY SENTINEL TUESDAY MORNING, MAY 13, 1856. NEW SERIES

An Angel of Patience.

BY FLORENCE PERCY.

Beside the toilsome way,
Lonely and sad, by fruits and flowers unblest,
Which my worn feet tread sadly, day by day,
Longing in vain for rest;

An angel softly walks,
With pale sweet face, and eyes cast meekly down,
The while from withered leaves and flowerless stalks,
She weaves my fitting crown.

A sweet and patient grace,
A look of firm endurance, true and tried,
Of suffering meekly borne, rests o'her face,
So pure—so glorified.

And when my fainting heart
Desponds and murmurs at its adverse fate,
Then quietly the angel's bright lips part,
Murmuring softly, "Wait!"

"Patience!" she sweetly saith—
"The Father's mercies never come too late;
Gird thee with patient strength, and trusting faith,
And firm endurance—wait!"

Angel!—behold—I wait—
Wearing the thorny crown through all life's hours;
Wait till thy hand shall ope the eternal gate,
And change the thorn to flowers.

CHINESE ATROCITIES.—When the Chinese Imperial troops recovered the town of Tai Ping Wang from the rebels, all the inhabitants were massacred except 460 boys, who were taken before the commander-in-chief. The latter, addressing one of them, said, "Little rascal, what is your father?" "He is a kin-chin," [doctor of the 2d class.] "What God do you worship?" "We have learned to worship Shangti," [the name of God among the Chinese Christians, and applied also to the 'younger brother,' Jesus Christ.] "Child of the devil, I will teach you to worship Shangti. You shall die!" The monster ordered the whole body to be buried alive. Their hands were pinioned behind them, and being thrown into a deep trench, the earth was cast upon them, amid the shouts of the exulting soldiery. Thus were 260 put to death; the others were allowed to be ransomed by their relations.

VINEYARDS ABOUT CINCINNATI.—The Ohio Valley Farmer estimates, from statistics of our Horticultural Society, that there are two thousand acres of Catawba vines in cultivation in the vicinity of Cincinnati, of which 1,000 acres are in full bearing. By the average production of the last few years this area of vines will yield 500,000 gallons of wine, which yield must, in a short time, be doubled. The demand for the wine is increasing faster than the supply.
